SPARTANS CELEBRATE CHAMPIONSHIP

Coach Wolfe leads the victory march from Wabash

This year was a successful one for the Manchester College basketball team. The Spartans won the Hoosier Collegiate Conference crown and celebrated it with a victory march from Wabash to Manchester College.

Dick Harris was the state's third leading scorer with a 29.4 point per game average. However the team would not have had such a successful season if Dick wouldn't have received fine rebounding help from Stan Weller, shooting help from Joe Phillips, outstanding defensive help from Art Fourman and play-

making help from Bob Harris. The play of the five capable substitutes was also very helpful in many of our victories. Much credit must also go to Coaches Wolfe and Hoffman who gave many hours of hard work and much-needed direction that made it possible for the Spartans to be one of the finest college teams in Indiana this past year.

To those mentioned above and to all others who had a part in making this past season so successful, we say thanks for the timeless memories you have left with us.

Both faculty and students enjoyed dancing

The 1965 Spartan gridders posted a 2-5-2 season record. The youthful Greeks displayed some fine football and gave each team they played an all out battle. Roger Medors was voted Most Valuable Player while seniors Larry Keyser and Bob Scheer were voted the team co-captains. Special recognition also goes to the three Spartan HCC All-Conference football team members, Dale Guingrich, Don Blair and Roger Medors, the latter also being placed on the district 21 NAIA first team.

Running to keep warm!

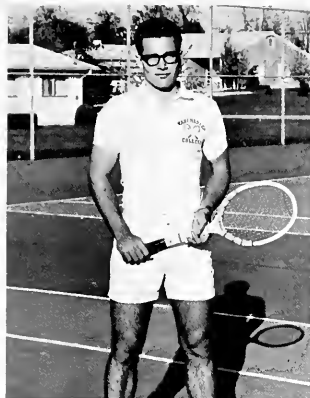

The Manchester College cross country team had an impressive 7 won-2 lost record in dual meets this year. Besides placing third in the annual HCC meet, the young Spartans placed third in a three team meet and fifth in a rough seven team meet. The Spartans had great team balance and all the major letter winners will return next season.

WRESTLING

The MC wrestling team registered a good record this season, with one of the highlights being a 40 to 3 victory over St. Joseph's College. During this meet a school record was set when the Spartans pinned six straight opponents. Coach Gratz's squad received fine support from the MC student body and with the youth represented on this team, wrestling fans should have a lot to cheer about in the future.

Showers, here come the HCC Champs!

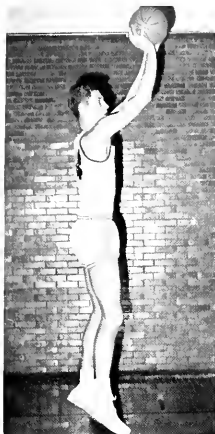

The Spartans finished the season with an 18-5 record—one of the finest in MC history. Spartan fans will long remember this year because Coach Wolfe's fine boys won the HCC championship—the first in ten years. The Spartans finished the season

by playing in the NAIA District 21 playoffs bowing out to Indiana Central.

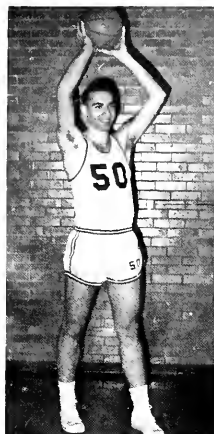

All season the Greeks were led by Dick Harris in scoring. But team balance played a major role in the team's success.

The Manchester College baseball Spartans had an overall record of 9 wins and 9 losses. In conference play, they recorded 4 wins while bowing 6 times. This gave the batsmen a 4th place finish in the HCC.

John Moore led the young pitching staff with 6 victories without suffering any setbacks. Bob Stahly led the hitting attack with a fine .351 average, but was pushed all season by first baseman Harry Hochstetler.

The cindermen of Manchester College posted an outstanding record of 11 wins against only 4 reverses. The young Spartans also placed 5th in the annual HCC meet at Franklin. Dave Kistler was the leading point getter, but was followed closely by underclassmen, Jim Reinoehl and Dick Harris. Four MC records fell as the Greeks steadily improved as the season progressed. Miler Jim Reinoehl, pole vaulter Mike Creighton, triple jumper Dave Kistler, and 440 yard dashman, Barry Barron, set Spartan records in their respective events.

ORGANIZATIONS

In order to have a successful student organization of any kind it is necessary to have a faculty advisor who has both ability and willingness to help the organization achieve its particular goals. Such an advisor is Dr. Lloyd Hoff, who this year retires as faculty advisor of the *Aurora* after more than twenty years of service. Concerning ability to help, Dr. Hoff qualifies in all respects as an advisor of an annual; he has been a professor of English for more than forty years at Manchester College in addition to being a photographer of professional quality. He also exhibits the second characteristic of good faculty advisor, willingness to help. Dr. Hoff has never refused to help the staff with any problem whether it concerns a question of copy, photography or general appropriateness of material. Many times Dr. Hoff himself has taken pictures for the *Aurora* which would otherwise have been impossible to obtain. Because of this unselfish service the *Aurora* staff on behalf of the entire college community would like to take this opportunity to say "Thank You."

Working from the printing date of last year's *Aurora*, the staff of the 1966 yearbook collected both pictures and copy of campus groups and events to be included in the book.

This year's book, as you have probably noticed, is presented in a style that is different from previous *Auroras*. The magazine type of introduction is a type of style that is just beginning to gain acceptance in yearbooks. For the first time in *Aurora* history, color has been employed to add emphasis to certain areas. These and other small changes coupled with an unusual theme were adopted by the staff in the hopes of making this book one of the better and more memorable *Auroras*.

COMMUNITY OF FAITH IN ACTION

CONCLAVIUM OF THE COMMUNITY OF FAITH IN ACTION

M. Seashols, S. Racine, J. Miller, P. Hoskins, convener; Rev. Mock, minister to students; K. Snyder, G. Merkle, E. Carroll, E. Deal, S. Eller, L. Curless.

The intention of the Community of Faith and Action is to be both gathered and scattered—gathered in worship, scattered in redemptive activity; gathered in commitment of life to God, scattered in redemptive penetration and involvement in society where God is always at work. This is the remarkable meaning of the Christian faith. Jesus Christ comes into the world with a prospectus for responding to the most fundamental perplexities of Man's life in the world.

METHODIST STUDENT MOVEMENT

MSM CABINET

M. Lutz, C. Knochel, Rev. Pavy, L. Shaw, J. Emerick, pres.; J. Miller, J. Mitchell, C. Johnson.

The Methodist Student Movement brings students together in Christian fellowship and worship and attempts to present inspirational Sunday evening programs by outside speakers and Manchester's own campus personnel.

KAIROS

Kairos is a source of communication and action for meeting the socio-political challenges confronting our times. The motive force of Kairos comes from each individual as he sees opportunities. Response is expected only from those who share the immediate concerns and goal.

Several members of this year's Junior Class are studying abroad. Seated are Helen Dyck and Karen Myers Shull. Standing are Program Director Dr. Allen Deeter, Rose Marie Hoover, Jim Miller, and Jim Dwyer. Not pictured is Ray Bowman.

JUNIOR YEAR ABROAD

The true medium of exchange between nations is not their diplomats nor their warriors—it is their students. True understanding of another man, nation, or way of life is putting yourself in the other fella's place—living with him, speaking with him, and learning with and from him. A group of students from Manchester College participates each year in the Junior Year Abroad Program which gives them new insights into an old and often confusing world. The worth of this program can be seen in these young people and the people they come in contact with—with the new understanding and friendships which develop in the course of their journey not only to a new land, but to a new world in their minds and hearts.

We have taken 197 pages to support
the contention that Manchester is
many-faceted. We've shown some
of its moods,

faces,

people,

places,

and activities in the school year

1965-66. The
important and

the trivial are here, for all are part
of that which we,
the 1966 Aurora
Staff have called

THAT MANCHESTER LOOK

Gary Laird, 1966 *Aurora* editor, and his fiancée, Mary Ann Vance.

As editor of the 1966 *Aurora*, I would like to thank all those people involved with the production of this year's book. I reinforce my oft-repeated verbal thanks with written acknowledgments here. My special thanks go to Dr. Lloyd Hoff and the staff, Mr. Gene Fahs, Miss Dorothy Johnson, Mr. Ralph Naragon, Mr. Robert Nelson, Werking Studio—and the countless

others who contributed.

The staff has tried to present to you a history of the past year. It is our desire that you feel that this is successfully shown through

...THAT MANCHESTER LOOK.
